Nix county wetlands control

by GLORIA DAVIS

Lakeland Newspapers

The Lake County Board sent Robert Whyte, aquatic biologist to talk to the Antioch Village Board about the proposed county ordinance on wetlands.

Although the county board says that the ordinance is just in its preliminary draft stage, its basic purpose will be to take part of the Army Corps of Engineers' job away from them and put all wetlands in Lake County, both in municipalities and unincorporated areas, under the direct jurisdiction of the Lake County Health Dept.

Whyte claims that the county will keep a much closer and stricter eye on the area wetlands than the Army does now.

According to Community Dev. Dir. Don Davis, after Whyte's visit, which will take place all over the county before the ordinance is brought to a public

hearing at Brac Loch Country Club on Monday, Oct. 16, "The village has several concerns about this proposed ordinance.

We see another level of bureaucracy added to the many present levels. We also find the ordinance in its present form vague and ambiguous."

The thought that this could put Antioch's wetlands at the mercy of Lake County politics was also brought up.

Trustee Marilyn Shineflug, while objecting to the addition of another level of governmental control, is worried about the loss of local control over the wetlands, like many of the other trustees.

"One example of double problems that can be created by the loss of that control would arise if the village wanted to widen one of its streets that border on wetlands. We have many of these, Rics. 173 and 83, Deep Lake Rd., Depot St. and Mc Millen

Dr. to name a few.

We would still have to go to the Army Corps of Engineers for permission to widen the street and then also bring it before the county board, said Shineflug.

Shineflug added that she was not so sure that if the county indeed takes the wetlands over that the health department should be the agency to take charge instead of the building and zoning department.

The Oct. 16th county hearing conflicts with the time of the next village board meeting so Davis will be drafting a letter to the county board with Village Atty. Ken Clark at the board's request.

Davis will present the letter at the Oct. 16 hearing. The letter will express all the village's concerns about the proposed ordinance and will recommend that the county adopt said ordinance.

'PM&L Presents' on 'Footlights' program

"PM&L Presents" will return to "Footlights" this year at St. Peter Church's annual fundraiser. The cast will perform an outstanding melodrama for all

to enjoy.

Peter Thelen, producer, said there will be loads of laughs and a chance to boo the villain and cheer for the hero and heroine.

Also returning to "Footlights" will be "Lip Sync with the Stars, Under the Stars." "Dancin' Machine I" will spin the records while many of Antioch's local celebrities lip sync to hits they all know and will surely love to hear.

Show dates for "Footlights" are Nov. 3 to 4 and 10 to 11. Doors will open at 6 p.m. Advance tickets are now on sale at all Antioch financial institutions, Realty-World Tiffany and St. Peter's Rectory and School.

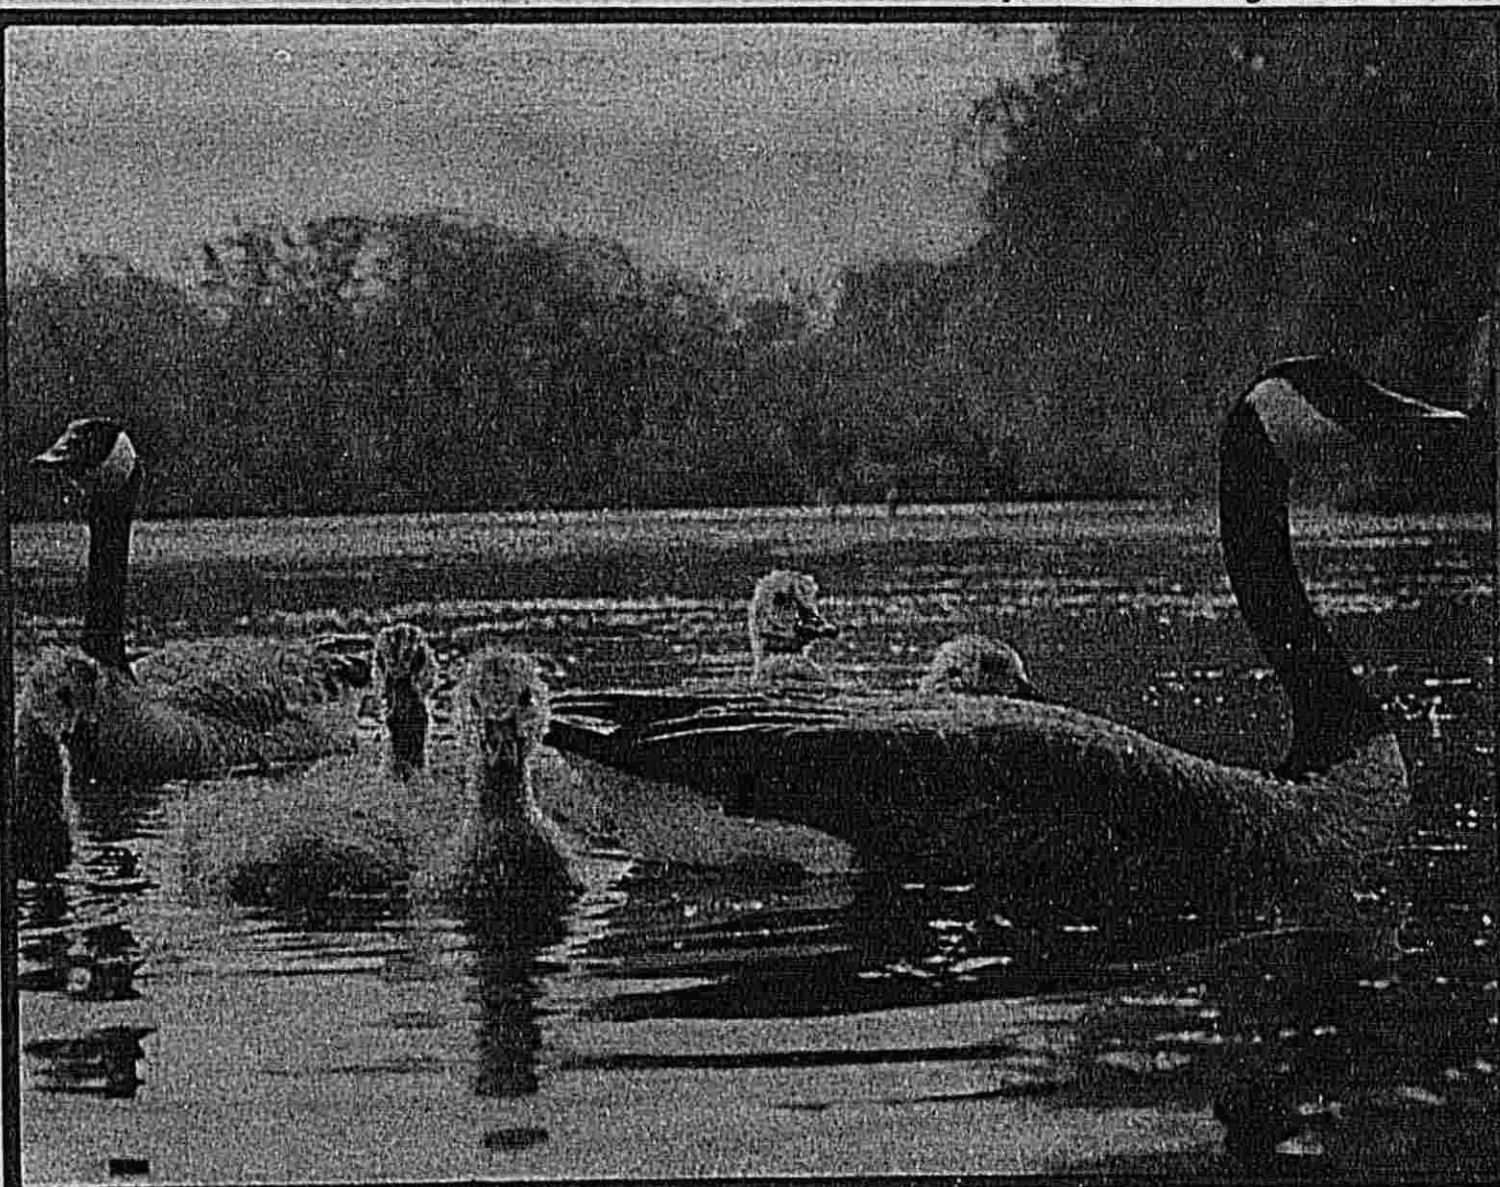

St. Peters plans holiday dinner, fair

St. Peter Council of Catholic Women in Antioch will sponsor a "Bazaar for all Seasons" from 4:30 until 8 p.m. Friday, Oct. 20; from 9 a.m. to 3 p.m. Saturday, Oct. 21; and from 8 a.m. to 12:30 p.m. on Sunday, Oct. 22, in St. Peter Social Center, 900 St. Peter St., Antioch.

Dinner will be available on Friday from 4:30 until 8 p.m. and on Saturday.

The usual handmade Christmas and holiday ornaments, knit and crocheted articles, kitchen items, toys, jewelry, boutique, plants, candy and bakery goods will be featured at the booths. There will, as always, be a white elephant booth.

Raffle tickets will be sold, and the drawing for 12 really great prizes, one of which is a dinner for four with limousine service to and from the restaurant on Nov. 7.

Heading south for the winter

With colder temperatures and freezing waters soon upon Lakelanders, graceful Canadian geese and goslings alike prepare for winter by heading south to warmer atmospheres. This family, shown here in spring, is now fully grown and joins other flocks to say final goodbyes. Gaggles of geese throughout Lakeland area are characteristic of beautiful scenery this time of year. Genuine Canadian geese will migrate. Their hybrid counterparts, slightly smaller, tend to reside year-round—if they have a good home.—Photo by Larry Backe

Health Dept. officials aim for wetlands support

A less complicated permit procedure with more local control are keystones of the proposed Lake County wetlands control ordinance that will be administered by the Lake County Health Dept.

The ordinance is designed to cut through the myriad levels of government with jurisdiction over wetlands, while at the same time providing for the protection and preservation of a vital natural resource.

Spurred by the realization that wetlands are disappearing rapidly as the county heads down the path of urbanization, health department aides are appearing before municipal bodies throughout the county to describe the ordinance and support its adoption.

Steve Moyland, assistant director of the environmental health division told the Fox Lake council that the ordinance will simplify and supplant the complicated wetlands control procedure now vested with the U.S. Army Corps of Engineers that has provide ineffective due to lack to personnel.

The Lake County Health Dept. is going to guarantee protection of the county's 28,000 acres of wetlands that are tied closely to flood control and a healthy environment, Moyland asserted.

Robert White, aquatic biologist for the department, appeared before the Antioch Village Board the same evening.

Wetlands are nature's water filters and purifiers, Moyland stated. "With all the lakes around, you should be concerned about pure water," Moyland told Fox Lake officials.

Meetings with county villages were held

this week as preparation for a hearing scheduled for 7:30 p.m. Monday, Oct. 16, at Brae Loch Golf Course, Rte. 45, Gages Lake.

Antioch officials felt the ordinance is vague and will create another layer of bureaucracy. They pointed out that wetlands will be subject to county politics.

Trustee John Erdman of Fox Lake raised a question about what he termed "veto power over building on wetlands."

Moyland said every wetland problems will be considered on "case by case" situation. As for wetlands, he pointed out building already is prohibited in flood plains, which are different than wetlands.

The ordinance will govern draining, filling, flooding, dredging or any alteration of a wetland.

The health department said it is essential to protect and preserve wetlands because they are associated with clean surface water, hydrologic stability, control flooding and erosion, safeguard potable water, minimize toxic substances in fish and wildlife and reduce pathogenic bacteria.

Dist. 4 County Board Rep. Suzi Schmidt said wetlands control has been plagued by jurisdictional issues. Vesting wetland's control with the health department will eliminate this, she said.

Moyland mentioned that at an April 28 public meeting at Grant High School on a wetlands problem, it was discovered that more than half a dozen agencies now have wetlands jurisdiction.

VICTORY. TECHNOLOGY THAT GETS TO THE HEART OF THE MATTER.

CARDIAC CATHETERIZATION. A CLOSE-UP LOOK AT WHAT'S INSIDE YOUR HEART. As part of Victory's ongoing commitment to quality healthcare, we're teaming up with the cardiac experts at St. Luke's Hospital in Milwaukee to offer you the most advanced diagnostic technology in cardiac care - Cardiac Catheterization.

A brilliant innovation that can almost see a heart problem coming, Cardiac Cath is an inside look at what's really ticking in your heart. For patients with suspected heart disease, Cardiac Cath is a way to look inside the heart and see blockages of blood vessels and other abnormalities. This information then allows your cardiologist to diagnose your heart problems and recommend the best methods of treatment.

Highly acclaimed, board certified St. Luke's car-

diologists, supported by Victory's cardiac nurses and technicians, will perform the procedure on site. This assures you of nationally renowned cardiac care plus the comfort, assurance and convenience of staying in your community hospital, under the care of your own physician.

The only hospital in Northern Lake County to offer this state-of-the-art procedure, Victory gets to the heart of your cardiac problems.

CARDIAC REHABILITATION. THE ROAD BACK TO GOOD HEALTH. This medically supervised program helps people with heart disease to live healthier, more productive lives. The individualized programs provide progressive physical activities for cardiac patients and

education about cardiac health to patients, their families and the community.

WELLNESS PROGRAM: OUR COMMITMENT TO PREVENTIVE CARDIAC CARE. From smoking cessation to nutrition counseling to stress management to CPR, our wellness programs promote health and fitness through analysis and education. These programs are just one more way Victory provides you with a healthy dose of preventive medicine.

For more information on our comprehensive cardiac programs, and other Victory Memorial Hospital programs, call 360-4246.

Briefs

College Night

Antioch Community High School will sponsor its annual College Night Program on Thursday, Oct. 26, from 7 to 9 p.m. The evening will begin with a short orientation for parents and students in the auditorium at 7 p.m. At approximately 7:30 p.m., representatives from over 60 colleges and universities from throughout the midwest region will be available in the school commons and the gym foyer. These representatives will be seeking to provide students and parents with information regarding their particular college. At this time, representatives from all of the major state universities in Illinois are scheduled to be in attendance, with the exception of the University of Illinois Urbana-Champaign and the University of Illinois at Chicago. Locally, the College of Lake County will have staff in attendance. A number of outstanding private schools from Illinois and other midwest states have also scheduled representatives.

ACHS exams

Antioch Community High School will be conducting placement examinations for all students entering the high school as freshmen in the fall of 1990, on Saturday, Nov. 11. Students will be expected to report to the high school between 7:30 and 7:45 a.m. Testing will conclude at approximately noon. Students currently in eighth grade will receive additional information regarding the testing program from their eighth grade instructors later this fall.

Welcome to Antioch

Welcome to Antioch signs are going up along major arteries leading into the village. Two signs have already been erected by the Antioch Chamber of Commerce with three more to come. Several other community organizations have joined in on the welcome by adding logos to the sign. From left, representing those involved are, Dick Weston and Tom

Aschbacher, Boy Scouts; Claudette Skvarce, Antioch Exchange Club; Jack Thelen, Chamber; Nancy Zilkus, Antioch Woman's Club; Terry Korom, Antioch Jr. Woman's Club; Joanne Linker, Chamber and Mayor Robert Wilton. — Photo by Gloria Davis.

Lakes Region Museum fetes ACHS birthday

The Lakes Region Historical Society is helping to celebrate the 75th anniversary of the Antioch High School by holding an open house on Saturday Oct. 14, from 10:30 a.m. until 2 p.m. and during special hours on Sunday, Oct. 15, from noon until 2 p.m.

There will be a new exhibit featuring the high school when it was held in a room at the museum building until the present.

The society will be selling commemorative plates made by Pickard at \$15 each. Proceeds go to the high school.

In addition, representatives from the high school will be at the September meeting to present the society with one of their new flags.

Enough money has been raised to finish two rooms and the hallway on the second floor of the museum which received \$5,000 from a benefactor, Elling Eide.

Plaques with the names of patrons who contributed \$1,000 each will be in the entrance way by the September meeting. They are: Evelyn Strang, Joann and Dan Dugenske, Dolly Spiering, Janet and Bill Brook, State Bank of Antioch, First National Bank of Antioch, Mel and Roberta Knirsch.

New life members are: James and Portia Eng, Dorothy and Harlan Ware, Tom and Arleen Pientka, Tim and Jo Ann Osmond, Robert and Leta Wilton, Ted and Vickie Axton, Raymond Chevrolet.

The book sale, run by the Pientkas with help from many others, was a great success. Start saving those books for the next one.

Restoration: Thanks to Phil Murphy of

Waste Management of Lake Co., the cast iron radiators have been broken up and hauled away.

Wally Henning gave the society a nice discount on the electrical work done upstairs.

The contract for the dry wall has been signed with Tim Duncan who attended some classes in the building. Work should be started before the end of the month.

The insulation work is done and the new shelving has been delivered.

Pat McKenna has agreed to be the new press and publicity chair-person for the society.

There will be a meeting on Sept. 28, at 7:30 p.m., at 817 Main St. Bob Geske has agreed to give a program on how predecessors lived in this area. He is an expert on black powder guns.

A member of the society who has done an exceptional job with little recognition is Ted Sokulski, the treasurer. His reports are always ready and professionally prepared. The society is truly fortunate to have him.

AARP All Stars set for 1989 'Footlights'

St. Peter Church in Antioch will hold its annual fund-raiser "Footlights" the first two weekends of November. The dates are Nov. 3, 4, 10 and 11.

Returning to "Footlights" for a second year, will be the AARP "All Star Variety Band." They will be appearing in "Yankee Doodle Danny's" all four nights at 7:30 p.m. with toe tapping tunes for everyone to enjoy.

Also appearing in "Yankee Doodle Danny's" will be "John Hopkins" the magician, "CAB & Company" and "Rapid Transit."

The "Germanfest" room will feature accordionist "Jack Krupka" on Friday nights and zither player "Kathy Kurzenberger" on Saturday nights, playing selections of well known tunes that lend themselves to the festive atmosphere.

If one is in the mood for German food, have dinner in "Unter Den Linden" restaurant. One can enjoy a selection of fine entrees including thuringer and sauerkraut, "Heidelberg" roast beef or "Lorelei" style catfish. While in the restaurant one can enjoy their favorite pastry from the "Strudel Shop." There will be a large assortment of homemade sweets to choose from to satisfy the most discriminating sweet tooth. Don't forget to purchase a few sweets to take home after the show.

Advance tickets are now on sale at all Antioch financial institutions, Realty World - Tiffany, and St. Peter's School and Rectory. Advance tickets are \$6 for Fridays and \$8 for Saturdays. Tickets purchased at the door will be \$2 higher on show nights.

Ready for open house

Ready to serve at open house on Saturday and Sunday at the Lakes Region Historical Museum fete of ACHS's 75th birthday are, from left, Lucille Kuechenmeister, Pat McKenna and Janet Brook.

ACHS to host parent evening

On Tuesday, Oct. 17, beginning at 7 p.m. Antioch Community High School will once again conduct an informational evening for parents of the district. This is the third year that such a program has been offered by the high school. The response by parents who have attended this evening in previous years has been very positive.

This year four different programs, each approximately one hour long will be presented twice during the evening. Parents may choose to attend any two or the presentations that night.

The programs planned for the evening include: "Study Skills and Learning Styles." This program will be presented by Ann Kakacek and Martha Kucyeski. Both presenters have considerable experience in assisting students in the development of skills essential to good study habits.

Kakacek has been a member of the school's English department for several years. Kucyeski has taught in the English department, served as coordinator of the learning assistance program and has recently been employed as a guidance counselor by ACHS.

In addition to examining how students may be assisted in the development of study skills, time will be spent discussing the significant role that each individual's unique learning style plays in school success.

"Signs and Symptoms of Adolescent Drug Use." This program will be presented by Janet Matalas and Joey Freund. Matalas is certified

by the state of Wisconsin as an alcohol and drug abuse counselor. She is employed in that capacity by Professional Services Inc. of Kenosha, Wis. and has provided services to the students of Antioch High School for several years.

Freund is a member of the ACHS guidance department and is currently working toward certification as primary prevention specialist.

Their presentation will center upon behaviors which can indicate the beginnings of a drug use problem for teenagers. Information will be provided on those drugs which are considered to be "gateway" or entry level drugs. Finally resources available to parents in coping with the problem of adolescent substance use will be discussed.

"The Path to College (What is Necessary for the Ninth and Tenth Grade Student)." This program will be presented by Jane Abramson and Tim Noonan of the ACHS guidance department. Issues to be discussed will focus upon what a student should do as a ninth or 10th grader in order to prepare for the college admission process. This program will be presented only once during the evening at 7 p.m.

"The College Selection Process." This program has been developed to be of assistance to the parents of junior and senior students and will examine a number of issues which will be encountered by the upper level students who are planning on attending college following graduation from high school.

ACHS Homecoming Court 1989

Antioch High School's Homecoming King and Queen will come from Homecoming Court made up of four senior couples and two representatives from other three classes. In Homecoming Court are, in rear, from left, Tom Groth, Joe Rohde, Loren Stanton, Matt Aschbacher and Brian Olszanowski. In middle row,

from left are, Kevin Hanrahan, Heather Morissey, Thayne Ernstmeier, Lisa Miosl, Kristie Pomrening and Jeff Fisher. In front row, from left are, Cindy Contols, Brandy Anderson and Heather Flene. Royal crowning will take place at the Homecoming Dance on Saturday, at 10 p.m. — Photo by Gloria Davis.

PM&L gives season's Jackie awards

At its annual awards banquet, PM&L Theatre, Antioch, issued the following Jackie awards: Best Reynolds, "Children of a Lesser God;" Best Actor - Larry Bullman, "Children of a Lesser God;" Best Actress - Regina

a Lesser God;" Major Supporting Actress - Tracy Kiedlerlen, "Li'l Abner;" Major Supporting Actor - Stan Livermore, "The Nerd;" Minor Supporting Actress - Dolores Finley, "The Nerd;" Minor Supporting Actor - Tom Hausman, "Li'l Abner;" Best Youth Actor - Melody Preston, "Li'l Abner;" Best Set - Lou Jones, "Man of LaMancha;" Best Costumes - Donna Badtke, "Man of LaMancha."

Byrd, Fabry sing in 'Trouble in Tahiti'

Dina Byrd of Lake Villa and Philip Fabry of Lindenhurst participated in Millikin Univ.'s Sept. 24 opera workshop, "Trouble in Tahiti" by Bernstein.

Byrd, a junior musical theatre major, sang the role of Dinah in the opera. She

is a daughter of Diana Byrd of Lake Villa and a 1987 graduate of Antioch High School. At Millikin, she is a member of University Choir and is active in theatre productions.

Fabry, a musical theatre

major, sang a supporting role in the opera. He is the son of Janet Fabry of Lindenhurst and a 1986 graduate of Antioch High School. At Millikin, he is a member of University Choir and is active in theatre productions.

Athlete of the Week

Glenn Graham, center, is selected ACHS Athlete of the Week for the three touchdowns he scored in ACHS's victory over Lake Forest on the gridiron. Congratulating him are, left, Ed Watts, Great American Federal Savings, who is contributing \$100 to the parent/teacher scholarship fund, and Coach Del Pechauer. — Photo by Gloria Davis.

Lizard profiles Groh, Burnette in school race

by LIZ SCHMEHL
(312)395-5380

It's less than one month until the Nov. 7 elections. One of the things area residents will be voting on are school board candidates. As stated in an earlier column, I would like to furnish you with some background information on the candidates to the Antioch area school boards. If you are a candidate, contact me and I will include you in this column. To date, I have heard from two candidates—one for Dist. 36, Grass Lake School, and one for Dist. 34, Antioch Grade School.

Julianne Groh is a candidate to Grass Lake School Board. She is presently serving on the board after being appointed to fill the vacancy created by the resignation of Mary Beth Walsh. Julianne has been a resident of Dist. 36 for 11 years. She is extremely active in PTO and is in her third year on the PTO executive board. Julianne is a volunteer in the teacher assistant program at GLS and a member of the yearbook committee. She was an assistant den mother for two years and the cubmaster for one year. She is a certified teacher, and taught for nine years prior to starting her own family. Julie and her husband, Gary, have two children presently attending GLS. She is employed as a part-time bookkeeper and is also a pre-school teacher at Camp Crayon in Antioch.

Gary Burnette is a candidate to the Antioch Grade School Dist. 34. He has lived in Antioch for 35 years and is employed as a financial planner with IDS-American Express. Gary was the 1987-88 president of the Antioch Lower Grade School PTO, and that same year he was the president of the W.D. Petty School PTO. Gary and his wife Linda have a son, Kyle, in the fifth grade at Petty. Gary supports sound fiscal planning, quality education for all children, and will be responsible to the people for growth in the district.

So, candidates, that is how it is done. I can't write what I do not hear, so contact me ASAP in order to get some column coverage before the election.

ACHS happenings

ACHS students and parents, take note—

Senior portraits will be taken the week of Oct. 23.

The homecoming parade is scheduled for 10 a.m. on Saturday, Oct. 14.

ACHS College Night is Thursday, Oct. 26, from 7 to 9 p.m.

Parent Information Night is Tuesday, Oct. 17, from 7 to 9 p.m. There are four programs scheduled for that evening, each being one hour long. Parents will have a chance to attend two of the four programs: Study Skills and Learning Styles; Signs and Symptoms of Adolescent Substance Use; Everything You Always Wanted to Know About Parties and Were Afraid to

Ask; and the Path to College/The College Selection Process. It will be a very informative evening, so plan on attending the sessions of your choice.

Henning get-together

Linda and John Boerman, Ray and Marie Brausam, Gary and Julie Groh, Sally Hiller, Darlene and Bob Olenick, Pat and Tony Santemmo and Liz and Jim Schmehl, had a fun time at the home of Cheryl and Wally Henning on Saturday, Sept. 30.

The evening consisted of beautiful weather, a chili cooking contest, good conversation, funny jokes, a beautiful bonfire, card game and Pictionary. The winners of the chili contest were John and Linda, and they have the king and queen of chili T-shirts to prove it.

John made a special, unique entry to the party. He looked so skillful as he peddled his bike up the Hennings' long driveway—until he tipped over, fell off, lost his cap and sunglasses and skinned his knee. (Maybe he is related to Judy Fechter?)

Gary and Cheryl combined two great ideas and came up with one terrific one for a school fund raiser. The ideas consisted of Christmas trees, bushes and no smoking. Now, if they can come up with the volunteers, we are in business, "big city style."

Tony told many of his world-famous jokes and Sally exposed her hidden talent of drawing maps as we all played Pictionary. We were all shocked when Pat exhibited her mental telepathy, guessing Egypt from the Lizard's drawing of a dot in Europe and a picture of an animal that looked to be one-third camel, one-third snake and one-third duck. It was truly a special evening to remember. Thanks, Wally and Cheryl, for the fun!

Viking football

The Antioch Viking football teams are really having a superb season. Forgive me as I give top billing this week to the Raiders of the featherweight division. The Raiders happen to be my son's team. I happen to go to the games. I happen to write this column. Need I say more? They remain undefeated, taking the victory from Winnetka on Sunday, Oct. 1.

It was a hard-fought game, with a final score of 18-12. Winnetka started off in the lead, as they made the first touchdown. Then the Raiders brought home two in a row. Winnetka then tied the score at 12-12. With only 10 seconds to go in the game, the Raiders scored another touchdown for the win. What an exciting day!

The Viking Bears vs. the Viking Eagles ended at 12-6 in favor of the Bears. The Bears scored on a gutsy fourth down pass play. It produced a 40-yard pass from Brent Lubeck to Channin Pluciennik. The

next score was made on a fumble punt when Matt Shoemaker passed the ball on a fullback option to Channin, and Brent punched it in on a short run. On defense, Channin and Robbie

hope I am still writing this column when you celebrate your 100th birthday. Have fun at your party!

4-H awards

The Lake County 4-H program held its annual 4-H

Hometown Goodies

Liz Schmehl

Holbach chased down an Eagle's runner and saved the touchdown. Honorable mentions for good playing go to Eric Kiple, Jay Canella, Tim Jenkins and Josh Walsh.

The Seahawks won their match 42-0. I have no other details on that game. The Viking Heavyweights won over McHenry 19-13.

It was the Viking Lightweights over McHenry 30-0. The first quarter produced a touchdown pass from Sid Dressel to Dave Murphy. Scott English made an excellent interception, and Jason Breene scored two touchdowns while Murphy made another touchdown on a pass play. In the last quarter, Cliff Moore made the final touchdown.

Congratulations to all teams on their good sportsmanship.

90th birthday

Speaking of "special" birthdays, Ann Zorger will be celebrating her 90th on Oct. 18. There will be a party in her honor on Oct. 15 at the Watercrest in Palatine. The party will consist of about 100 people and an awful lot of fun.

Ann still enjoys many family outings, ceramics, bingo, Pokeno, etc. She makes sure she gets her hair and nails done on a weekly basis and looks more like seventy than ninety.

Happy birthday, Ann. I

awards program. Tony Salamone, 17, of Park City was awarded the Heikotter Memorial Award based on his accomplishments in a dog care project. The club of the year award was presented to the Guys and Gals 4-H Club, based on the club's participation in county events, community service and citizenship activities.

Sophomore soccer

The ACHS sophomore soccer team is having an excellent season. As of Oct. 3, the team had played 13

games, winning 12 and tying one. Only two games left until the tournament.

One player, Phil Rindlaub, continued playing in the last game with two broken fingers. That's what I call dedication. In fact, that's what I call insanity!

Congratulations, ACHS soccer team—let us know how you did in the tournament.

Etc., etc., etc. . .

If you run into John and Linda Boerman and they look a little older to you it is because they now bear the official title of "grandparents." Their daughter, Michelle, had a beautiful baby girl, Amanda Marie. Amanda was born on Tuesday, Oct. 3, at Lutheran General Hospital. She weighed in at seven pounds, 14 ounces. Congratulations, Michelle, and Grandma and Grandpa, too.

Howard Stann celebrated 75 years "young" with a Sept. 24 surprise party at the home of his daughter, Ardeen Harris of Antioch. Twenty-five guests, including Howard's 90-year-old mother-in-law, were on hand to celebrate this spe-

cial three-fourths of a century birthday.

We all love compliments, even the "Lizard." I truly am glad to hear that so many people in our area enjoy reading this column. Ed Caulfield is one of those people, and I'd like to say thanks, Ed, for the words of encouragement. It fills my heart with joy to know you look forward to reading this column on Fridays. Keep on reading and remember to call me from time to time with a friendly tidbit or two. 'Till next week, everyone take care!

The annual Senior Center Bazaar will be held at the center on Friday, Oct. 13, from 9 a.m. to 3:30 p.m. The bazaar will include a bake sale, book sale, white elephant sale, plant sale, craft sale and a raffle. Take this opportunity to visit the Antioch Senior Center to see what "fun" it has to offer.

"Free" flu shots will be administered to all seniors by the Lake County Health Dept. at the center on Wednesday, Oct. 18, from 1:30 to 3 p.m.

Engagement

Weber-Kovach

Mr. and Mrs. Robert Weber of Antioch, announce the engagement of their daughter, Theresa, to Kevin Kovach, the son of Mr. and Mrs. Bernie Kovach of Antioch.

The ceremony will be performed at St. Peter's Church in Antioch on May 12.

The bride-to-be is a 1983 graduate of Antioch Community High School and a 1988 graduate of the Univ. of Wisconsin-Whitewater, and has a business degree in public relations. She is employed as the director for Antioch Parks and Recreation for the Village of Antioch.

The groom-to-be is a 1983 graduate of Antioch Community High School and a 1988 graduate of the Univ. of Wisconsin-Madison and has a bachelors degree in journalism and communications arts. He is employed as a video engineer for Abbott Laboratories

in Abbott Park.

The couple will be taking a honeymoon trip to Columbia and Central America. A home in Lake County is planned.

Theresa Weber and Kevin Kovach

Wedding

MacLeod-Beckman

Jill Faith MacLeod and Eric Garth Beckman exchanged their wedding vows on July 8 at Faith Bible Church of Charlottetown. Dr. George Sweeting, Chancellor of the Moody Bible Institute of Chicago officiated at the ceremony.

The bride is the daughter of Mr. and Mrs. LeRoy MacLeod of Charlottetown, Prince Edward Island, Canada. She is a 1988 graduate of the University of P.E.I. and is presently attending Alverno College of Milwaukee in preparation for certification as a music therapist.

The groom is the son of Mr. and Mrs. Marvin E. Beckman of Antioch. He is a 1983 graduate of West Chicago Community High School and attended the College of DuPage. He is employed at the Moody Bible Institute.

The couple reside in Antioch.

Mr. and Mrs. Eric Beckman

Leaf recycling, flushing, drugs on village agenda

by GLORIA DAVIS
Lakeland Newspapers

The Antioch Village Board reconvened its Oct. 2 meeting on Monday, Oct. 9.

One of the unfinished bits of business was the formation of a recycling plan for the village.

The board decided to look into hiring a private recycling contractor. The board is also looking for a compost site in the village for leaf dumping.

Mayor Robert Wilton said that the leaf recycling program will probably begin by the end of the month.

In other business the board:

— set Oct. 16 during the day for hydrant flushing. It is expected that it will be easier to see rust in the water in the daytime than at night when the flushing used to take place.

— is looking into redoing the village ordinance on coin operated video games, allowing businesses to have up to

three games in their establishments.

— received a preliminary site plan from Taco Bell to locate between Action Liquors and Burger King, at the southwest corner of Rte. 173.

— in honor of Drug Awareness Week starting Oct. 21, the board decided to

have an anti drug committee to work with Cathy Cratty who heads the anti-drug program at the high school. The village committee will be working toward stricter anti-drug enforcement, drug education, family awareness and letting families know where they can seek help when a drug problem arises.

Attends bank school

Sheila Linker, installment lending officer of State Bank of Antioch, attended National Consumer Credit School in Norman, Okla. School offers wide curriculum including consumer credit compliance, financing small business, etc. Linker began her career at the bank in 1973 and was promoted to lending officer in June 1988.

PUBLIC NOTICE

NOTICE OF PUBLIC QUESTIONS(S)
Notice is hereby given that at the November 7, 1989 Nonpartisan Election, the following public question(s) will be submitted to the voters of the following named political subdivision(s). The polling places will be open from 6:00 a.m. until 7:00 p.m. on that day.
The following proposition(s) will be submitted to the voters of:

EMMONS SCHOOL DISTRICT #33

PROPOSITION TO INCREASE EDUCATIONAL TAX RATE

INSTRUCTIONS TO VOTERS: Punch the number opposite 'YES' or 'NO' to indicate your choice.

Shall the maximum annual tax rate for educational purposes of Emmons School District No. 33, County of Lake, State of Illinois, be increased and established at 2.13 percent on the full, fair cash value of taxable property as equalized or assessed by the Department of Revenue instead of 1.64 percent, the maximum rate otherwise applicable to the next taxes to be extended for said purpose?

- 85 YES
- 86 NO

The approximate amount of educational taxes extendible under the maximum rate now in force in said School District is the sum of \$404,146.00.

The approximate amount of educational taxes extendible under the proposed increased rate is the sum of \$524,896.00.

The annual rate at which the tax for educational purposes is currently levied is 1.64 percent.

The maximum rate at which the tax for educational purposes may be levied if the proposition is approved is 2.13 percent.

The percentage increase between the maximum rate at which the tax for educational purposes may be levied and the annual rate which such tax currently is levied is 29.9 percent.

Wetlands breakthrough

Adoption of a proposed county ordinance giving the Lake County Health Dept. jurisdiction over all wetlands, whether in unincorporated territory or within the boundaries of a municipality, could be the breakthrough needed for protection and preservation of a natural resource clearly threatened by extinction in an era of exploding growth and development.

For many years, the U.S. Army Corps of Engineers, the agency with the last word over wetlands, has been totally inadequate to exercise its authority simply because it has been overwhelmed by rapid urbanization. Wetlands of all sizes are being either destroyed or so decimated as to be rendered functionless. Something has to be done. That something is the

ordinance granting the health department jurisdiction and authority over the precious wetlands so vital for maintenance of the environment and flood control.

The fact that approximately one-fifth of Lake County is either water or wetlands has given this area a unique character. Destruction of the wetlands in every sense of the word is a step toward destruction of our way of life.

This newspaper is 100 percent in support of the wetlands control ordinance. We see it as a last chance to control our own destiny. Wetlands are a key to good living for modern man, just as they were significant to our forebears. Let's take control of the wetlands now, before it's too late.

October's the month!

"October's bright blue weather . . ." gushes the poet. Indeed, this is the time of year that makes life worth living, the reason that all of us make our home here. Warm, sunny days; cool, crisp nights. An unbeatable combination. After a drab drought year, Mother Nature is at her

colorful best again this fall. Scarlet sumac, golden maples, tawny oaks. An azure, cloudless sky. The lawns, still luxuriant green, are punctuated by floral borders getting a second breath following summer's heat. Is there a better time of year than October? We can't think of one.

Benefitting the many

"County bashing" and brutalizing the motives of open space advocates on the county board has been in style ever since the Lake County Forest Preserve Dist. has employed condemnation of private lands for public use to implement land acquisition policies.

State Sen. Adeline Geo-Karis has labeled the use of condemnation powers as "communistic." Geo-Karis' favorite pronouncement is: "This is Lake County, not Russia." Supervisors F.T. "Mike" Graham of Libertyville Twp. and Norman Geary of Avon Twp. were torpedoed in their bids for reelection last April in no small part because opponents skillfully twisted their positions on expansion of the forest preserve. Condemnation has become a dirty word in Lake County.

It is interesting to note that the same legal procedure so widely damned in Lake County is being hailed in Kane County as a key to development of the Fox River Trail, an acclaimed public bicycling path connecting the Illinois Prairie Path in DuPage County on the east and the great Western Trail in Kane and DeKalb Counties on the west.

Kane County Board Chairman Philip Elfstrom and his colleagues on the Kane County Forest Preserve Commission have been praised for using the powers of eminent domain—land condemnation—to purchase from the few to give to the benefit of the entire community. Appreciative citizens understand that utilization of the powers of eminent domain is not dictatorial, but acting in the best interest of the community.

Tollway abuses

We share State Rep. John Matijevich's wonderment over why his bills to eliminate or reduce tolls on the Tri-State and Northwest Tollways never aroused public support.

Possibly the Lake County Democrat's proposal didn't catch on with the public because Joe Driver looks upon 40 cents as "no big deal" or a minor nuisance. Is \$237 million "no big deal?" That's the sum pegged by Auditor Gen. Robert Cronson for the Illinois State Toll Highway Authority reserves. In an audit comment,

Cronson noted that toll rates are "too high." Further, Cronson said the Toll Authority violates state law by using surplus funds for new construction.

Think about that \$237 million number every time you feed the toll box. One of the scary things about the Tollway Authority's public be damned attitude is that this august agency might well be called upon to deliver the Rte. 53 extension. Tollway bosses know they could get away with this and no one would raise an eyebrow.

New area code latest snag in our lives

by BILL SCHROEDER

Ma Bell has a habit of disrupting our lives every so often. Are you ready for the new 708 area code going into effect Nov. 11?

That's when the area outside Chicago now in the 312 area code will become 708. That's us. This isn't Bell system treachery to extract additional toll calling revenue. Calls between Chicago and the suburbs will cost the same.

The new 708 area code is a way of supplying a new batch of seven-digit numbers, which are in short supply because of all the growth and development.

If you're 50 or older, this is the third major upheaval in your life because of telephone company efforts to keep up with the times. The first disruption came when two- and three-digit "local" numbers were scrapped for the seven-digit numbering system in the early '60s. Human telephone operators were replaced by electronics. To soften the blow of losing the friendly female voices, Bell provided jazzy "downtown" sounding prefixes like ELliott (Lake Villa), JUstice (Fox Lake),

Baldwin (Grayslake), ONtario (Waukegan-Gurnee), GEneral (Lake Zurich), JACKson (Wauconda) and KImball (Round Lake). For some reason, Libertyville and Mundelein prefixes were LI and MU. That made sense, as opposed to the CHerry used in Waukegan for awhile. Just about the time everyone was used to the alphabetical prefixes, 10 years later modern electronics reared its head again and in came all numerical numbers. That was a shocker!

Antioch was never burdened with a fancy sounding prefix, vaulting right from the low number "central" system to the first all seven-digit number in the early 1960s. In a flash, Antioch's totally antiquated system became the most modern.

Some observers are trying to read social significance into the separation of Chicago and suburban area codes, the reasons being that the two areas are so radically different that separate area codes are necessary. Maybe so.

Along this line, the suggestion we like best is changing the Chicago area code to 767. So when you dial Chicago it will be S-O-S plus the seven-digit number. Now THAT makes sense.

Letters To The Editor

Pay for child care

Editor:
Child care advocates in Lake County are weary of years of discussion about the need for quality day care.

Lip service by legislative leaders is simply not enough! Tax credits are simply not enough! What American families' need is not only funding but corresponding emphasis on quality.

Funds should be appropriated so families have the quality care needed to help ward off many social dilemmas, like drug infested neighborhoods.

National resources should be redeployed to child care. Let the Pentagon sell brownies for a change.

Mary E. Reljic
Executive Director
YWCA of Lake County

Taking trustee to task

Editor:
After reading about Trustee Darwin Follman's concern for sales tax revenue in Fox Lake, I must ask the following question: If Mr. Follman is so concerned about the "lagging car and boat sales" and their sales tax production why did he go out of town to purchase his last two vehicles?

A trustee should show his concern for his village by his actions, not his words. As an old saying goes, "Practice what you preach."

Bill McKie, Jr., Auto Dealer
Fox Lake

Education cartel at work

Editor:
School board members are elected to represent you the electorate, not the education cartel, in the operation of your school and the disbursement of your money. One candidate now seeking your vote on Nov. 7 sat on the Warren High School Board in 1984-85, the time of the great turmoil in Warren Twp. Dist. 121.

He approved of the resolution stating Warren High was destroyed by fire. Photos prove it was not. He made no attempt to honor the request from the public to review the life safety amendments that

were the means to secure the funds to demolish Warren. He was a member of the board that did not publish the decision to rent Lake Forest High School as required by law to give you, the voting public, the opportunity to place the question on the ballot to be voted upon. Had they done this, the public would have found out there never was a need for the students to leave the Warren campus.

He also was a member of that same board that spent \$97,000 of your money to buy out Dr. Paul Rudio's contract and that refused to hold off the demolition of Warren High for just five more days until the people could speak at the ballot box. Thirty-million dollars principal and interest that you must pay. Was he concerned for the financial interest of the district as required by law, or was he more concerned for the interest of the education cartel?

John and Doris Morby
Warren Twp. H.S.
Dist. 121

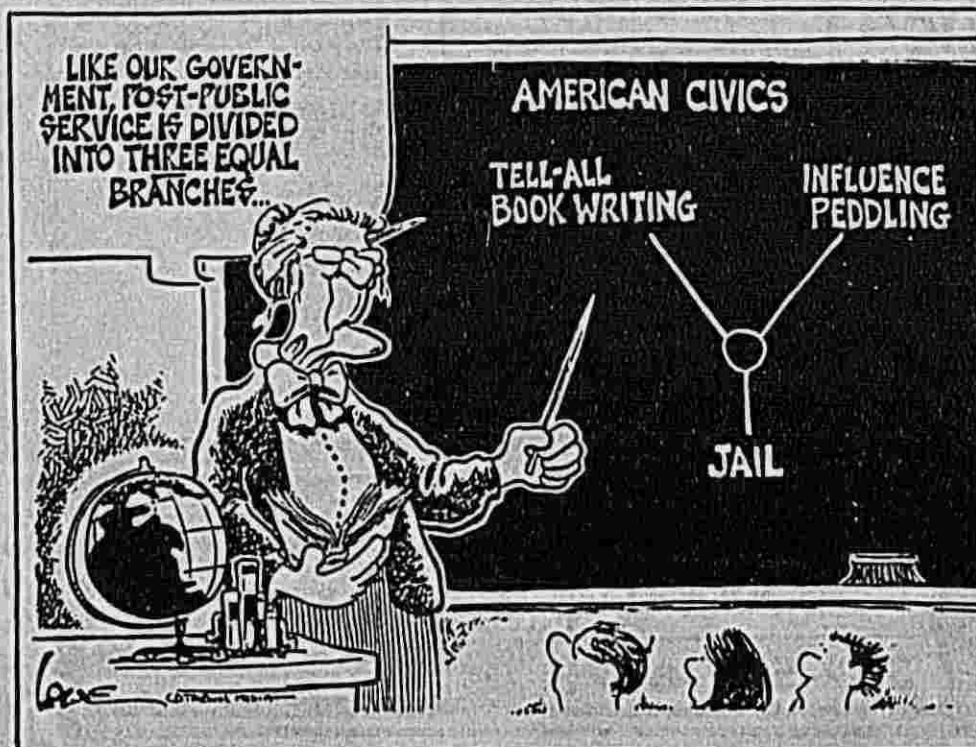

Thanks for support: FOP

Editor:
On behalf of all the members of the Lake County Sheriff's Dept. Fraternal Order of Police Lodge 66, I would like to thank the citizens of Lake County for their (Continued on next page)

MONOLOGUE:
AN
EGOTIST'S
IDEA
OF A
CONVERSATION

Politically Speaking

by JOSEPH SOULAK
Lakeland Newspapers

Candidates for County Board seats in the six Lake County districts will start surfacing this month. They will do so in advance of the December filing of nomination petitions and, more importantly, a Saturday, Nov. 4, endorsement session of the Republican Central Committee. The time and place have not been set.

Brief interviews with each candidate will lead to GOP backing of those viewed as hewing closest to the party line. One of the stickier questions will ask what the candidate will do if not selected. Those looking for the job can say they will back whomever is selected (which is the answer interviewers are looking for), they won't play the game that way or they will run anyhow.

Two years ago this gathering blessed Dist. 6 incumbent Jerry Beyer of Wauconda and his running mate, Cuba Twp. Sup. Wayne Miller. Winning that one were incumbent Richard Anderson of Barrington and newcomer Bobbie O'Reilly of Long Grove.

That shows to go you the value of endorsements. Saying they will run with or without party approval are incumbents Bruce Hansen of Lake Zurich and John Reindl of Mundelein.

People are quietly talking behind the back of Ralph Swank Jr., the new supervisor in Libertyville Twp. Some of them are the former 152 recipients of public assistance when F.T. "Mike" Graham was running the show.

Since trimming the aid roll last spring, there is only one recipient, an 81-year-old woman living in Mundelein. She gets \$154 per month or \$1,848 annually.

This year's general assistance budget for Libertyville Twp. is \$364,000. In charge of administering it, among other duties, is Mary Fitzgibbons. For this she is paid \$30,000 per year.

Oh yes, for those who are interested, nine people are repaying the township between \$6 and \$9 per month for past financial favors when they were down and out.

Lots of people are concerned about today's traffic problems. They don't like the snarl every morning and evening rush hour, the endless wait at traffic lights behind other one-occupant cars and the parking space crunch.

One man who thinks he has the answer is Lauren Januz of Forest Haven. He's in a letter-writing battle with residents of Rockland Rd., west of the Des Plaines River in Libertyville, who want their tree-lined street closed to traffic.

"Perhaps sterilization of all women under the age of 40 would

Bruce Hansen

Donald Coulson

Gerald Beyer

solve all of the problems....." he says. "...efforts would better used to campaign for a cut in the number of kids born today. That way there would be no new drivers and, eventually, the traffic problem would subside. With population comes more cars and with more cars comes more traffic."

Strange as it may seem, the Democratic delegation from Lake County in Springfield just can't seem to do anything right. At least that is the conclusion of the Illinois State Chamber of Commerce.

It evaluated the performances of elected representatives statewide on 20 issues.

Democrats like state Rep. John Matijevich (D-North Chicago) of the 61st Dist. got 5 percent rating and Grace Mary Stern (D-Highland Park) rated a 10 percent.

By contrast, Republican legislators did exceptionally well. State Senator David Barkhausen (R-Lake Forest) rates an 88 percent, and Adeline Geo-Karis (R-Zion) is good 56 percent of the time. Rep. Robert Churchill (R-Lake Villa) of the 62nd Dist. got an 85 percent rating. Rep. Virginia Frederick (R-Lake Forest) rates 68 percent and Rep. William Peterson (R-Prairie View) of the 60th District rates a solid 95 percent.

What this means is whether a particular legislator in Springfield is pro-business or listens to the chamber's lobbyist. The state chamber is extremely happy with this year's string of successes in Springfield.

"Are you any relation to Bob Coulson?" is a question frequently asked of first-term Libertyville Trustee Donald Coulson.

"Sure," he replies, "he's my brother." They look at him incredulously and then ask: "Really?"

It's hard to believe this 57-year-old bespectacled man is related to the late crew-cut Coulson. For those who remember, or don't, Bob Coulson was a two-term mayor of Waukegan and a 15-year veteran of the state Legislature—six in the House and nine in the Senate—where he was assistant Senate Republican leader until his 1972 retirement.

Years ago when the Libertyville Coulson was in Waukegan he went to the library and applied for a card. The clerk asked the: "Are you related to.....?" question. She was told, "Yes, he's my younger brother, Bob, who lives in Carpentersville."

"Glad you explained," the woman said, "I'm Bob Coulson's sister. I didn't recognize you as a member of the family."

Members of the Lake County Board Legislative Committee won't get any stars for attendance this year. If there's a quorum, Chairman Bruce Hansen is lucky.

Most members are so mad he picked a regular meeting date of every-other Friday at 3 p.m. they have ignored it altogether. Hansen set the time and place for right after his last American History class at

Zion-Benton High School on his way home to Lake Zurich. He can count on board member Debbie Halas of Waukegan being there and, maybe, Rick Price of Lake Forest.

But as for the other members, they have better things to do. They are Robert Neal of Wadsworth, Jim LaBelle of Zion and Jim Fields of Antioch. It was so difficult getting a quorum through the first six months of this year there is no County Board record of any meetings since June when both sessions were cancelled for lack of attendance. Last meeting at which there was a quorum to conduct business was May 15.

"When I was chairman of this committee members were polled and it was found that 7 a.m. on Monday was a good time to meet," Neal said. "Rather than open the courthouse at no small expense at that hour by having a guard present we decided to meet at the Seville Restaurant in Waukegan." Those meetings at the Green Bay Rd. and Washington St. eatery got Neal a lot of ink.

"In this or any other job you've got to learn to take the heat," Neal explained. "But I got the job done," he said.

A race is shaping up for sheriff of Lake County. First-term Clinton Grinnell will be challenged next year by a candidate from the 1982 election. Both will run as Republicans, Grinnell with the likely endorsement.

Don Mason of Lake Villa Twp. says he will announce his 1990 candidacy at a press conference on Monday, Oct. 16, at the Gurnee Holiday Inn. A one-time Lake County Sheriff's deputy, he now operates a detective agency in central Lake County.

Mason said he came within four percent of the votes in beating the popular Robert "Mickey" Babcox in 1982. If more people would have paid attention to the improprieties he dug up, Mason said he might have been elected.

COMING EVENTS: Sunday, Oct. 22—Breakfast brunch with State Rep. William Peterson (R-Prairie View) of the 60th Dist. at Marriott Lincolnshire Hotel, Rte. 21, Lincolnshire. For \$30 tickets call Jan Zorbus at 5127. Sunday, Oct. 29—Sunday Night Supper with 10th Dist. Congressman John Porter (R-Winnetka) and U.S. Sect. of Labor Elizabeth Dole. Hyatt Regency, Wilmot Rd., Deerfield, 6:30 p.m. For \$125 tickets call (312)948-1212. Thursday, Nov. 2—Annual fall cocktail party of Wauconda Twp. Republican Club, Mers Resort, Rte. 176, Wauconda, from 5 to 9 p.m. Cash bar and hor d'oeuvres. For \$10 tickets call Fred Bigham at (312)526-3736. Thursday, Nov. 2—Luncheon of 10th Congressional Dist. Republican Women's Club at Algauers in Northbrook, noon. Guest speaker Schlafly. For tickets call Mary Lawlor at (312) 441-6084. Friday, Nov. 3—Annual Lake County Republican Federation fall cocktail reception and Special Salute to Suzi at Ramada Inn, N. Green Bay Rd., Waukegan.

Village selling out

Editor:

Development can mean improvement. It should mean improvement. But when the village's zoning board of appeals is willing to sacrifice existing controls in order to satisfy interested developers, they play a disturbing game of compromise. The zoning board's vote to recommend rezoning of the northwest corner of Grayslake to smaller lot sizes strikes me as a sellout. Out of fear that adjoining property might be annexed by some other less scrupulous community, the board was willing to sacrifice the village's own founding principles of a semi-rural atmosphere and limited expansion.

I find it very perplexing to think that people, given the option to choose their lot size, are willing to put up a house on a relatively small piece of property. Why are we willing to spend \$200,000 or more to construct our homes on no more than a quarter-acre where one-third of the land is asphalt and building? Do we place no value on an expansive, beautifully landscaped yard?

For the sake of common sanity, a buffer zone between neighbors which allows a bit of privacy without detracting from a sense of neighborhood should not be a luxury. I propose it is the new standard, a standard that should be embodied in residential zoning that encourages residents to think of their home as a true living environment rather than a mere structure.

We, the citizenry, depend on government to ensure that the values we hold dearest are guarded and not compromised. Land

developers and land owners with their profit motivation may request a compromise, but why should we grant it? In a desirable community like Grayslake, why should we bow to the pressures of greed in the hope of bringing new development under our control? The zoning board and the village should have the courage to disallow a great business deal for the developer in favor of a good deal, the same good deal that the current zoning provides. What sort of service do these leaders provide when they initially zone with moderate intention only to later fall back to a lesser position time and time again?

Support public education

Editor:

A recent advertisement for a private school claimed a high degree of success in promoting "motivation, ability and positive self-concept to learn during the elementary years." It further stated that you can no longer rely on your public school system to achieve this goal. Why not? The article suggested inadequate teacher-to-student ratios and lack of high-tech teaching equipment.

I am a product of public education; my children will be, too. Since they are the future of this great country, I would like to equip them with all the tools for success, using all of the resources we have available.

I would rather put my tax dollars into education than into remedial programs such as law enforcement, counseling and prisons. I support providing salaries for teachers that would reflect the importance of working with our country's most valuable resource—our children. I suggest that as a community we realign our priorities to put public education in the forefront. Provide the dollars for programs for children that will equip them for the future; provide dollars for teachers' salaries that will attract first rate teachers; provide dollars for a public education system to be proud of. Our children's futures depend on it—and so do ours.

Exchange hears plans for 708 area code

Grayslake Exchange Club members heard of ways they can better prepare for the start of area code 708.

Meeting at Johnny D's Pier 83 restaurant in Grayslake, the club members listened as Stan Jozwiak of Illinois Bell explained area code 708.

Club members were urged to change their stationary, advertising and inform their families about the new area code, which will begin Nov. 11.

Other methods: reprogram automatic

equipment such as automatic dialing devices, speed calling lists and commuter modems.

The boundaries of 708 and 312 will be those of the City of Chicago.

Growth in the Chicago suburbs has created the need for area code 708. The area served by 708 will stretch from Antioch, to Elgin to Aurora and to Peotone.

It was first announced in 1987.

Jozwiak said Illinois Bell will step up its publicity campaign this month as the

Nov. 11 date draws near.

"The telephone has had a demanding presence in our lives," Jozwiak said.

After Alexander Graham Bell first invented the telephone in the 19th century, there were some 1,000 phone lines in 1877. Some 30 years later when the forerunner of Illinois Bell was formed, there were 100,000 lines and by 1955 there were 500,000 lines. Today, there are five million lines.

Originally, the 312 area code had 10,000 number combinations for each prefix. By 1987, Illinois Bell had assigned all but 51 of these prefixes, the first three numbers of the seven-digit number, according to an Illinois Bell brochure.

The utility, which is regulated by the Illinois Commerce Commission, uses 0

or 1 as the middle number in area codes because that is recognized by international operators.

"Introducing a new area code was truly inevitable," Jozwiak said.

As the number of phone lines grew, so did the demand for prefixes. The need for 708 was slowed when Illinois Bell instituted the 1-312 system in 1982. The present numbering plan is used by telephone companies in Canada, the United States, Mexico and the Caribbean.

After Nov. 11, there will be a three-month grace period until February, 1990 when callers not using the proper area code will still have their calls go through.

Jozwiak said a representative of Illinois Bell was at this summer's Lake County Fair in Grayslake.

Registration time set for Country Colors Bike Trek

Cyclists are beginning to register for a weekend of scenic bicycle touring as participants in the first Country Colors Bike Trek. This event, scheduled for Oct. 14, 15 and 16 is a major fund raising activity for the American Lung Assn. of Lake County.

The trek includes a unique blend of scenic, self paced bicycle riding, camaraderie and a fund raising benefit for lung disease programs of the American Lung Assn. the trek route begins and ends in Lake Zurich. The 130-mile round trip includes

two full days of cycling and activities and a shorter third day of riding. While on the trek, bikers will enjoy the beauty of rolling farmland, colorful country views, scenic lakes and much more.

At the overnight stops, George Williams College and Camp Lakota, cyclists can take part in nature recreations, sports, a campfire and special entertainment. The trek staff carries the rider's gear and provides food, overnight accommodations, bike repair and leadership.

Sectional next for netters

Antioch's girls tennis team will be making bids for the state meet at the Round Lake sectional meet Oct. 14.

The Sequoits, with a match against Grayslake remaining on the schedule, had a .500 record in duals, 8-8. The Sequoits were 3-5 in North Suburban Conference matches.

Highlights at last week's NSC meet at Fenton included a fourth place finish from the third double steam of Lyn Christensen and Jennifer Lenz.

"They played real well against a tough Stevenson team," Antioch Coach Debbie Izzo-Trout stated.

In singles, Karin Addams beat Zion-Benton but fell in the consolation final to Anita Halloczy of Warren and settled for sixth place.

Libertyville and Lake Forest, as expected, dominated the conference meet as the Wildcats and the Scouts took all the spots in the final round.

Trout expressed hope for the upcoming sectional meet.

"I think we can be more competitive in the sectional meet than in the conference," Trout said.

The Panthers were led by two titles in doubles play and one at singles.

No more progress

Mundelein ballcarrier Jason Volk is stopped for no further gain by Antioch defensive back Jason DeBruhl. The Sequoits' Pat Barrientos looks on. Mundelein stayed with

Antioch through a half at 0-0, but Antioch scored 14 third quarter points en route to a 21-0 win. Sequoits host Warren in Homecoming game Oct. 14. - Photo by Steve Young.

For Antioch Homecoming

Running backs Graham, Phillips on center stage

Two running backs are expected to take center stage when Antioch High hosts Warren in a Homecoming game Oct. 14.

Antioch's Glenn Graham and Warren's Buck Phillips are both coming off two touchdown days heading into the clash between North Suburban Conference rivals. Both teams are coming off wins - one expected, another not so expected.

The Sequoits shutout hapless Mundelein 21-0 and Warren shocked Zion-Benton 12-7. The Blue Devils are hoping to end the Antioch (3-3) playoff hopes while hoping their quest for a winning season continues in the 2 p.m. game.

"They played real well. They did not panic," Antioch Coach Del Pechauer said of Warren's win.

The Mustangs came into the game without a point but not without a threat of an upset.

"We knew they could give us a game,"

Antioch Coach Pechauer said of the scoreless first half with the Mustangs.

The Mustangs did have two field goal chances but both missed. "They had some good punts which kept us in the hole," Pechauer stated.

Graham, then took over in the third quarter.

"It was a sweep and he cut back and headed to the sideline," Pechauer said of Graham, a senior's 75 yard touchdown jaunt in the opening minutes of the second half.

Graham then capped off a third quarter drive with a one-yard plunge.

The third Antioch score was a 45-yard strike from Rick Beattie to Chris Anderson.

Dan Pappadakis continued his strong kicking performances as he had three PATs.

What do you get when you add:

-a former center playing quarterback.

-two big plays on offense against one of the tougher defenses in the North Suburban Conference.

-a tailback-turned fullback turned safety.
-a wide receiver who also plays defense and kicks all with the same reckless abandon.

-the return of "Friday Night Magic" to Gurnee.

All of the above were key ingredients in Warren's stunning 12-7 upset win over Zion-Benton.

Brett Jackson, Buck Phillips, Sean Smith and Tim Ryan were the players who were those factors on this chilly but pleasant Friday night.

The win gave the Blue Devils, 2-4,

some more objectives for the remaining four games: win them all and achieve a 5-4 record; b) play spoiler for present 4-2 teams learning for the playoffs and c) give the coaching staff a hard choice over who may start at quarterback Oct. 14 against archrival Antioch.

"It's in the grasp," Ryan said of the winning season.

The Blue Devils' Phillips, a junior, rushed as many times as Zion had offensive plays - 29. Phillips finished with 130 yards while Smith added 111 yards.

"We've blocked the same as we have over the years but we have not had the back with the natural quickness as Buck has. There's no substitute for quickness," Warren Coach Reggie Hughes said.

ACHS spikers looking for bright NSC finish

It was a good news, bad news week for the Antioch girls volleyball squad.

The Sequoits fared well in conference play, knocking off North Suburban Conference leader Fenton in two matches. Antioch then traveled to Crystal Lake South for a Columbus Day tourney at Gator Alley but came away winless in five matches.

The Sequoits' record was .500 at 13-13-1 following the Crystal Lake South tournament.

Antioch had beaten Fenton 15-6, 15-13 to claim a tie for second place with Stevenson and Mundelein. Stevenson was to square off against the Bison Wednesday.

The Sequoits travel to Warren Oct. 13.

"It was a total team effort," Antioch Coach Carla Thompson said of the win over Fenton.

Heide Schmidke was a perfect 12-for-12 serving with 10 points. Jenny Hagen also contributed with 11 for 13 with 10 points.

Terri Farnsworth had a strong game at the net with 12-for-12 hitting.

After the Warren match, the Sequoits will wait to see what their seed will be at the conference meet hosted by Mundelein Oct. 20 and 21.

At CLS, the Sequoits fell to Class A powers Huntley and Marian Central, Hampshire, Crystal Lake South and Schaumburg.

The day started with a 15-10, 15-10 loss to Schaumburg.

"I felt we should have beaten Crystal Lake South, Schaumburg and Hampshire," Thompson said.

Antioch has been seeded first in its own regional tournament Oct. 24 and 26. The Sequoits battle Grayslake in the first game Oct. 24 with Round Lake and Grant clashing in the second contest. The Antioch winner will advance to the Mundelein sectional.

Stopped cold

Mundelein's John Akins brings down Antioch quarterback Rick Beattie during North Suburban Conference game. Antioch won 21-0 to keep the playoff hopes alive. Antioch faces archrival Warren Oct. 14. - Photo by Steve Young.

CLC women runners record best times at meet

College of Lake County will host its annual men's and women's cross country meet Oct. 13.

The meet at the Grayslake campus will serve as a

warm-up for the Lancers before the Skyway Conference meet Oct. 20 at Waubensee.

Post-season play will be on the agenda for CLC

teams as the fall sports seasons come to a close.

The women's tennis squad will be at the conference meet at Waubensee in Sugar Grove Oct. 13-14.

CLC's golf team finished a strong third in final Skyway Conference standings.

The Lancers coached by Gary Brooks finished with 22.5 points. Waubensee won the league title with 28.5 points and Oakton was second with 23.

John Gollwitzer led the Lancers with 308 points in conference action. He had rounds of 75 and 72,

respectively to start and finish conference play.

Chad Alfano was second with 339 points and Mike Ryan third with 345.

In the fifth conference match at Glenview Naval Base Golf Course Sept. 27, the Lancers finished in a tie for second place. Oakton, the home team, won the meet with 324 shots and Waubensee and CLC tied with 328.

Lake County was led by Gollwitzer's 72, Ross Check had an 82, Alfano an 86 and Robert Petrusca an 88.

In the final conference

match, hosted by Waubensee, CLC had a team score of 33, finishing second.

Jeff Pesola had the low score for CLC with an 81. Jeff Sarrela had an 83.

Also at CLC:

-The cross country mens team placed 10th out of 15 teams at the Danville Invitational. The Lancers had 224 points. Vincenes won both the women's and mens meets.

CLC was led by Bill Skupien who placed 23d and Ricky Barr who placed 483rd. John Russell finished 48th, Christer Farr

56th, Fred Thundershield 57th, Paul Sweet 64th and Tod Reholec 80th.

Every CLC girl had a personal best for the three-mile race. CLC placed fourth with 97 points.

Shelly Hazel cracked the top 10 with a seventh place finish at 6:17; Jenny Wisniewski was 11th at 6:30; Janis Worch edged Cheryl Geary for 21st place and Theresa Foley was 41st.

-The women's tennis team was whitewashed by DuPage 9-0. DuPage was the third ranked team in Region IV.

Pondering next move

College of Lake County soccer Coach Dave Beck ponders the next move during a match. The Lancers are at the Viking Invitational Tournament in Mankato, Minn. Oct. 13-14 before beginning Region IV play Oct. 21. - Photo by Joe Shuman.

Carmel High looking for strong defensive show

By STEVE PETERSON
Lakeland Newspapers

Carmel's football team will be hoping to continue its progress with the wing-t formation when the Corsairs host St. Viator Oct. 13.

"St. Viator really scares me. They will be coming in here hungry," Carmel Coach Mike Fitzgibbons said of the Lions.

St. Viator is winless in

six games while the Corsairs are coming off an impressive 28-0 romp at St. Joseph last week.

Carmel's defense earned praise from the head coach, whose forces are now 4-3, 2-2 in the East Suburban Catholic Conference. "It was a group effort," Fitzgibbons said.

The group was led by Tom Nelson at noseguard,

Anthony Franklin, Dan Gramm and Dan Bell in the defensive secondary.

Offensively, the contest proved again one player does not a team make. Star running back Matt Simmons was watching from the sidelines for the entire game. "Like anybody else, it will depend on how he practices," Carmel Coach Fitzgibbons said of the

senior's status.

The Corsairs dominated as they scored half their points in the first quarter. Jerry Foster burst threw for 19 yards and then scored from 46 yards out.

Quarterback Tod Stachle tossed a strike to Don Anderson from 11 yards out and a Don Donakowski field goal completed the scoring.

The game in Mundelein will be the only Friday night contest among area Lake County teams. Prediction: Carmel by 10.

Warren and Lake Zurich's wins were not foreseen last week, but a 502 record gives the predictor a 26-13 record with two weeks to go.

In Saturday games:

Wauconda (3-3, 2-2) at Grayslake (4-3, 3-1): The Rams spoiled Wauconda's chances for the playoffs last year with a Homecoming win. The Rams, led by a strong running attack with many weapons besides Mike Duchane are up against Shawn Nohava and Bulldogs

QB Dion Niemo. Rams can't fall victim to a danger of looking past Wauconda to a contest at Lake Zurich the next week. Prediction: Rams by six.

Round Lake (4-2, 2-2) at Grant (1-5, 0-4): Bulldogs are looking for a strong Homecoming show against their archrivals. Panthers must get the option offense back in gear if they are to rekindle playoff hopes. Mike Bragg, Garrett Horn and the defense are too tough for the

Good 'Gnews' for Carmel's golf future

By BRENT KILLACKEY
Lakeland Newspapers

"Four," shouts the Carmel golf player.

"No, fifth," he corrected himself.

Fifth place is where the Carmel varsity golf team sits in the East Suburban Catholic Conference.

"We have the potential," said Coach Jim Nolan. "But we still haven't hit our stride yet."

In mid-September Carmel was 3-6 overall and 1-2 in the conference.

Carmel's golf team was 13-3 last year. The team was undefeated in the conference tournament and made it to the regionals.

What has happened to the golf team this year?

"Each match only one or two of our golfers are playing their best round," Nolan said. "I need to get four of five golfers playing their best round."

Nolan also cited two other factors.

"Maybe it's due to some inexperience, or maybe it's

due to a lack of intensity."

Carmel placed fifth in their most recent conference match played at Arlington Lakes against St. Joseph's, Marist, Notre Dame, Joliet Catholic and Holy Cross.

One of Carmel's star golfers this year is sophomore Kirk Gneus, who has an average of about 40.

Gneus shot a 83 in the conference tournament.

"That was really bad for me," Gneus who usually shoots in the high 70's said.

Par at Arlington Lakes is 68.

Gneus, 15, started playing golf when he was six.

"It's more of an individual sport," he said.

While golf is a frustrating sport to most, Gneus said, "I just keep calm and I don't

think about what happened on the hole before."

He keeps his concentration by keeping calm.

"We're good spirited," Gneus said about the team. "I think we will make it to the sectionals"

Nolan is also optimistic

and pointed out that Carmel has "experience on the golf courses."

Carmel plays home matches at Pine Meadows.

With a little luck and some good shots, Carmel hopefully will be able to improve their standings.

Wilmot Speedway year ends with dramatics

The final night of the 1989 racing season was full of drama and excitement with three track championships being decided in the final features of the year at Toft Auto Racing's Wilmot Speedway in Wilmot.

Bob Olson of Waukegan captured the 15-lap spectator stock Don Collin's Mid-Town Garage Season Championship Feature and with it his first ever track championship.

Kim Mook of Kenosha scored a thrilling last lap victory in the 25-lap Atco Racing Engines of Waukegan sprint season championship by less than a car length over Dave Hanna of Grayslake. Hanna's runnerup finish earned his first ever track title in the sprints.

Pete Ostrowski of Milwaukee won the first 20-lap modified feature of the season. Tim Cox of Park City, who was fifth, captured his first ever track title in that division. Jay Maywald of McHenry

closed out his championship year also his first at Wilmot, with a victory in the final race of the night, the 20-lap late modified main.

In the spectator stocks, John Pochler set fast time with a track record to start on the pole of the Mid-Town Garage Feature Challenge with Olson starting alongside. Olson held a two-point lead going into the night. Pochler jumped in front at the drop of the greens and went on to win with Olson fading to fourth. Going into the feature event, Pochler held a

two-point lead. Prior to the feature, however, Pochler discovered major engine problems with his Plymouth Barracuda and borrowed Dennis Carlton's Firebird. The car change put Pochler at the rear of the 20-car feature field, while Olson started mid-way though the pack. Raymond Hensley led in the early going.

"ONLY A SPRAINED ANKLE..."

Many people fail to appreciate how serious an ankle sprain can be. They think that all that's needed is to apply an elastic bandage for a few days until the pain is relieved and the ankle again functions normally.

But that isn't what happens in many cases, because ankle sprains frequently involve torn or severely stretched ligaments.

Ankle sprains should receive podiatric care. Using X-ray and other techniques, the podiatrist determines the extent of injury and the steps needed to ensure normal recovery. Healing may require strapping to reduce motion, or the use of a cast, and sometimes physiotherapy. If the strain has caused permanent internal damage, surgery may be necessary.

EYE CARE

News, Views & Questions About Your Eyes

By
Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTION: Floaters, should you be concerned?

ANSWER: Small specks or "bugs" many people see moving in their field of vision are called floaters. Typically due to small protein clumps within the clear gel inside the eye, floaters are usually harmless. However, sometimes they may indicate a torn retina, bleeding, or internal eye inflammation. Any sudden onset of many new floaters should be evaluated by your medical eye doctor. Looking up and down may help to move floaters out of your line of vision.

Larsen, Corsairs begin brand new winning streak

By BRENT KILLACKY
Lakeland Newspapers

The forward breaks away from the defense and dribbles the soccer ball toward the Carmel goal.

Goalie Lance Larsen is all that stands between the ball and another point on the scoreboard.

Larsen quickly gathers his thoughts and adjusts his angle on the forward.

Only instincts guide him now, for there is not enough time to deeply contemplate every move.

With a swift hack at the ball, the forward takes his shot.

Everything seems to go in slow motion for Larsen.

He makes a dive toward the lower left corner of the goal, hands and arms extended, hoping to deflect the ball.

Just as the ball looks like it will enter the goal, Larsen knocks it away.

Another save for Carmel's goalie.

"It is one of the toughest positions," Larsen, 17, said about goalie.

"There's many things going on at once and the goalie has to supervise," Senior Larsen said.

Larsen has played goalie on Carmel's soccer teams for three and a half years.

"I just like being able to use my hands," he said.

Larsen chews gum during every game and wears a gold and white striped pair of socks while everyone else wears solid gold.

"I like to think they make me play better," Larsen said.

Larsen hopes to attend

DePaul University and play soccer.

"I want to become a doctor and maybe play on an Olympic team or professional team," he said.

However, Larsen and the Corsairs could not hold back Cary-Grove Thursday and Carmel lost 1-2.

"We didn't play like we should have," Larsen said.

The loss marked the end of Carmel's 40 game undefeated streak.

Since Sept. 17, 1987 Carmel has not lost in the regular season and had a record of 34-0-6 coming into the Cary-Grove game.

"They took a lot of things away from us and I don't think we adjusted," said

Carmel soccer Coach Tom Ragen.

"They played very well together and they did a lot of little things right," he added about Cary-Grove.

Carmel was the first to score in the game. With 17:45 left in the first quarter, Jeff Wilks scored off a throw in by Justin Klestinski.

Cary-Grove came right back in less than a minute.

Jeff Sink scored on Larsen off a penalty kick with 16:56 left.

The next goal came in the third quarter when Jeff Sink scored on an open goal with 18:03 left.

The score remained 2-1 in

favor a Cary-Grove (11-1) for the rest of the game, thus shattering Carmel's unbeaten streak.

But Carmel has started another winning streak as they beat Notre Dame 3-0 Saturday.

"We have two great performances from kids put in unusual situation," Ragen said.

Jay Sharp played fullback and Mike Henrichs played center.

"They both played very well," Ragen said.

Carmel fullback Paul Ottolino, however, was sidelined with tendonitis.

"It's a day to day thing," said Ragen.

Grid picks

(Continued from page 39)

Bulldogs. Prediction: Round Lake by seven.

Johnsburg (0-6, 0-4) at Lake Zurich, (4-2, 2-2), 1 p.m.: Bears are looking for an explosion on offense and should get it against the Johnsburg defense which gave up 50 points at Grayslake. Look for a big passing day from QB Scott Paschall. Prediction: Lake Zurich by 17.

Libertyville (5-1, 5-1) at Mundelein (0-6, 0-6), 2 p.m.: It would appear this Ric. 176 neighborhood tussle may be a lock for the Wildcats going up against a winless and an offense which has not produced a point. But MHS-LHS games bright out the best in the Mustangs. Wildcats, led by QBs Jack Hendershot and Bart Nielson, keep the playoff drive alive. Prediction: Libertyville by 10.

Warren (2-4, 2-4) at Antioch (3-3, 3-3): this one should be great for those who like the running game. Warren showcases Jack Phillips and Antioch's Glenn Graham. Both scored two touchdowns in wins last week. Prediction: Antioch keeps its playoff hopes alive, wins by six.

Lindenhurst honors Swierk

by KIM BOLTON
Lakeland Newspapers

The Lindenhurst Mayor and Village Board commended Nancy Swierk, Village Hall staff member and police matron, for the professional manner in which she handled the press

after the shooting on Burr Oak Ln. Sept. 19.

It was Swierk's job on that Tuesday morning to stay in contact with Police Chief Gary Kupsak and answer questions from the press.

Mayor Robert Raich said,

"She handled a bad situation extremely well," adding that the "big city" press can be difficult to deal with at times.

Swierk, who has worked for the village for three and a half years, said she learned how to handle emergencies from Kupsak.

Crime

STOPPERS

PHONE

(312)

662-2222

Crime Stoppers and the Lake County Sheriff's Dept. are seeking information regarding several acts of Criminal Damage to property occurring at the Vernon Cemetery located off Rte. 21 and Half Day. Sometime during the dates of Sept. 16 and 23 unknown offender or offenders knocked over several tombstones and damaged numerous grave sites. On the date of Sept. 23, a possible offending vehicle described as a 1988 Ford Mustang GT, black in color with a red stripe was seen leaving the cemetery. If you have any information about this crime, or any other felony crime or felony fugitive - contact Crime Stoppers at (312)662-2222. If anyone's information leads to an arrest and indictment, they could be eligible for a cash reward of up to \$1,000. Remember, Crime Stoppers wants information, not names.

Drains Run Slow?

You'll never have a slow running, or clogged drain again! The secret? Clean drains don't run slow.

Slow drains, or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes. Grease, hair, and other waste sticks to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective, they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving the gook behind.

In the past, the only way to remove this build-up was to rooter your pipes. But that's expensive, and often only a temporary help.

Now, with just a few minutes each month, you can easily clean out your pipes... and KEEP them clean with Plumb Clean. Its totally unique formula clings, and penetrates deep

into the gook. That is what allows it to liquify even years of build-up. Plumb Clean will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, we stand behind Plumb Clean with a money-back guarantee!

Saves Money

A 1 lb. container of Plumb Clean holds up to 41 drain treatments. Even if drain openers could fix slow drains, you would have to buy over 10 quart bottles to get the same number of treatments. Plumb Clean costs about 35¢ per treatment. We don't know of anything that cleans drains for less.

Safe Too

Conventional drain openers are dangerous chemicals. They can injure eyes on contact. They can release deadly vapors, in some situations. Some, may damage your fixtures. Plumb Clean will not burn skin, or eyes. It will not release harmful fumes. When used as directed, it is 100% safe for people, and of course all plumbing.

So, if your drains are giving you a signal, act now. Start cleaning your drains the safe, effective, guaranteed way. Get Plumb Clean today!

L.V. man threatens police, resists arrest

A Lake Villa man remains in Lake County Jail with bail set at \$10,000 this week after being arrested during a domestic dispute in which he threatened his girlfriend and a Lake Villa police officer responding to the call.

Rick Bigham, 28, of 159

A N. Milwaukee Ave. #609, was charged with disorderly conduct, assault, resisting arrest aggravated battery and obstructing a peace officer after Lake Villa Ofc. Jim Carter and Lindenhurst Ofc. Ed Roncone responded to the call. The complainant,

Janine Hanna, 21, of the same address, said her boyfriend was intoxicated and threatening her and she was in fear for her safety.

According to a Lake Villa police report, Bigham kicked and threatened Carter all the way to the squad car.

Candy Day nears

Gagewood Lions Club members are poised for the annual Candy Day fundraiser Oct. 13. Lions Clubs throughout Lake and McHenry counties will be stationed at intersections and outside businesses seeking support. From left: Rod Iwema, Candy Day Chairman; Bob Gunning of Wildwood, and past president Ken DeYoung, who collected the most funds for the club last year. Club garnered four awards for the efforts in 1988.

Zoning board shakeup not political laundering

by JOSEPH SOULAK
Lakeland Newspapers

Politics or not, the Lake County Zoning Board of Appeals has a new member. Paul Plier of Waukegan, a licensed real estate agent with Ed Blachanec Realtors in Waukegan was appointed to the six-member body this week by the County Board.

Plier succeeds William Snodgrass of Waukegan, a Republican precinct committeeman and aide in the Antioch office of state Rep. Robert Churchill (R-Lake Villa) of the 62nd Dist. Snodgrass is highly regarded in Springfield for his political savvy.

Board Chairman Norman Geary presented the appointment. It sailed through by a 12-6 vote at an Oct. 10 meeting. Geary was accused by fellow board member and Lake County Republican party Chairman Robert Neal of "playing politics."

Geary denies this, saying he only wants to be fair and have equal representation on the zoning board. "County Board Dist. 3 (Newport, Benton, Zion and part of Waukegan townships) had two representatives on the zoning board," he said of Snodgrass and Chairman Clayton Christensen of Zion in Newport Twp.

Republicans form search committee

Bob Neal, chairman of the Lake County Republicans has announced the formation of a candidate search committee. Neal said, "As the majority party of Lake County, we feel it important that everyone that is interested, get an opportunity to run for public office."

"The Lake County Republican Party is the party of opportunity," the chairman said. "We are not a closed group—we have an open door policy."

Anyone thinking about being a candidate for any office should contact one

of the committee members.

The committee is made up of Ted Anderson of Lake Forest (B) 295-3322, (H) 234-4544; Jack Diamond of Waukegan (H) 623-2600; Charles Klammer of Beach Park (H) 623-1188; Joane Osmond of Antioch (B) 395-7000, (H) 395-1147; Shawn Depke of Gurnee (H) 356-6424; Bob Grever of Lake Zurich (H) 438-6310, (B) 438-7823; and Neal of Wadsworth (H) 623-9730, (B) 623-1995 as chairman.

Offices that are of interest are county clerk and county board.

Area Scouts to join nationwide food appeal

The Boy Scouts of America will again strike a blow against hunger later this month as it undertakes a massive food appeal from coast to coast.

Youth members from the Northeast Illinois Council, which serves the Lakeland area, will join millions of their fellow Cub Scouts, Boy Scouts, Varsity Scouts and Explorers in a door-to-door collection of canned food which will then be donated to local food banks for distribution to the hungry.

As their first step in the Scouting for Food Good Turn, part of a nationwide appeal being undertaken by the 5.2 million-member youth organization, local Cub Scouts, Boy Scouts and Explorers will visit neighborhoods in the Lakeland area on Oct. 14 to distribute food bags door-to-door.

The following Saturday, Oct. 22, Scouts will be re-

turning to pick up those bags filled with food. Their goal is to collect 100,000 cans for distribution to soup kitchens and food pantries throughout northeast Illinois.

Items will be taken to collection centers where they will be marked as donated items, sorted and passed along to various food banks serving the northeast Illinois area.

Assisting the Northeast Illinois Council in this effort with personnel and

transportation are Dominos Pizza and the Illinois National Guard.

The public can also bring donations directly to the collection centers located at Lake County Extension Office, Hwy. 45, Grayslake; in Libertyville, at the Old Clifford Chrysler Bldg., 325 N. Milwaukee Ave.; Jefferson Elementary School, 200 W. Maple, Mundelein; Father Berger Hall, 116 N. Lincoln Ave., Round Lake; and Jewel Foods, 2229 N. Lewis Ave. in Waukegan.

Crappies die

LAKE VILLA—Bob Whyte, an aquatic biologist with the Lake County Health Dept. Div. of Environmental Health, is concerned with a fish kill on Sand Lake that wiped out hundreds of Crappie during the past few weeks. A member of the team of biologists who performed a limnology study of the lake last year, Whyte said residents with homes along Sand Lake must take action if the lake, which was found to be in serious condition, is to be saved. The water, Whyte said, is nutrient rich due to phosphorous and nitrogen entering it in sediment from lake front homes whose owners use chemicals on their lawns or whose septic systems need attention. Whyte will be speaking to the Sand Lake Property Owners Assn. at their Oct. 18 meeting and plans to propose that an aeration system be purchased for the lake.

Backs land buy

GRAYSLAKE—Arbor Vista residents are supporting a proposed acquisition of some 530 acres of land near Almond Rd. "We're delighted. In March we suggested the purchase of 400 acres. We feel strongly that the land needs to be preserved," Gail Alter of Arbor Vista Homeowners Assn., said. The Lake County Forest Preserve Board is expected to vote on the purchase when it meets Oct. 20. The forest preserve's land acquisition committee voted 4-1 to designate the land for purchase last week.

Foes unite

GURNEE—Although the proposed Zale Trophy Club development has won a favorable recommendation from the Gurnee Plan Commission, neighbors are not going to give up the fight. Since the plan commission approved the 193-acre single-family home development at its last meeting, a group of residents met with members of the Lake County Board public service committee to take their fight to a different level. They presented petitions with some 680 signatures, asking that the county reject Gurnee's request for sewer for a 1,250 acre parcel which contains Lexington and Zale projects.

First inspector

ANTIOCH—The Antioch Village Board has appointed Lee Shannon III its first public safety inspector at a salary of \$26,500 per year. Shannon, who is a paramedic and firefighter, is knowledgeable about the testing and handling of hazardous materials. He will be assisting Antioch Bldg. Commissioner Chick Carstensen.

Picnic permit time

LIBERTYVILLE—First day to apply for 1990 picnic permits in Lake County forest preserves is Saturday, Oct. 21. Applications can be filed from 8 a.m. to noon on that day or weekdays from 8:30 a.m. to 5 p.m. at the Lake County Forest Preserve district office, 200 N. Milwaukee Ave., just north of Rte. 137, Libertyville. This is the fifth year of issuing permits in October.

Growth woes

GAGES LAKE—Woodland Board of Education members have been urged to draw the line on escalating growth problems. "The school board has to take a stand," Oak Knoll subdivision resident Lela Glatz said. Glatz said the response she has received in circulating petitions against the proposed Lexington and Zale developments in Gurnee has "been wonderful. They've been asking who will make the stand," Glatz said. Woodland Dist. 50 Board of Education members Connie Hoth, Jaye Margeson and Supt. Marlin Meyer were expected to meet with a group of developers Wednesday to discuss a possible agreement on financing a new junior high for the Gages Lake district.

To honor Metzler

LAKE COUNTY—The Lake County Republican Federation will honor retired executive secretary Margaret "Suzie" Metzler for her 27 years of service at a cocktail reception from 5:30 to 8 p.m. at the Ramada Inn in Waukegan. A committee has been formed to collect memorabilia, pictures, anecdotes and other items for the special event. Anyone wishing to participate or contribute should call Republican headquarters at (312) 623-0235.

Navy Day coming

LAKE BLUFF—Annual Navy Day luncheon of the Lake County Navy League will be at 1 p.m. on Sunday, Oct. 15, at the Country Squire Restaurant, Rtes. 45 and 120, Grayslake. Speaker will be Illinois state Sen. Adeline Geokaris (R-Zion) of the 31st Dist.

No football bonfire

LIBERTYVILLE—Cancellation of next weekend's homecoming bonfire has students upset. They want the decision by last year's Student Council rescinded or alternative activities scheduled. Among the last homecoming bonfires in Lake County ended last year following a student injury at a rock program as part of the bonfire and spraying of two teacher chaperones with shave cream. Spraying each other with shave cream has been a long-standing student bonfire activity.

Wetlands hearing

GRAYSLAKE—A public hearing giving the Lake County Health Dept. jurisdiction over wetlands will be held at 7:30 p.m. on Monday, Oct. 16 at Brae Loch Country Club, Rte. 45, Grayslake. The county proposal is for jurisdiction over all wetlands, both in incorporated and unincorporated areas, no matter what the size.

Pilot fall program

LIBERTYVILLE—This community and Fox Lake will be the only Lake County communities involved in a seven-week pilot fall yard waste collection program by Waste Management Inc. of Antioch. Data from the time and motion study in a select 500-home area will be used in bidding on yard waste contracts next fall prior to a July 1, 1990, state landfill ban on such materials.

Sewer ruling

LAKE ZURICH—A Lake County Judge has ruled that three development companies may hook up some homes to the village sewer system in new subdivisions despite a ban on such connections by the Village of Lake Zurich. Associate Judge Wallace B. Dunn also ruled Wednesday that the three development companies, Lexington Homes, Portrait Homes and Town and Country Homes, must be prepared to pay for damages that may result from the new sewage flow.

Welcomes Todt

GURNEE—A postal service employee who worked his way up the ladder was sworn in as postmaster. James Johnson, head of the postal services field operations, gave Todt the oath of office in Gurnee. Todt takes over from James Wolfe, who retired earlier this year.

Dogs attack car

ANTIOCH—Janet Schneider of Antioch was driving her car in town when she noticed two dogs attacking a chained Husky that belonged to a friend. She rescued the dog and got it into her car with bites and scratches and the other dogs in hot pursuit, actually leaving scratches and blood on her car as they attacked it in an effort to get at Janet and the dog. According to Antioch Police Chief Charles Miller, a German Sheppard and two bulldogs belonging to Mark Carfagnini, escaped from their kennel in the Carfagnini yard on Depot St. They first attacked a terrier and then the husky, both of whom were chained. One dog was wounded by the Antioch police during their attempt to capture the animals. All dogs involved were taken to the vet. Carfagnini was charged with his dogs running at large, failure to purchase village dog tags, and creating a public nuisance.

Urban League dinner

WADSWORTH—The Lake County Urban League will hold its annual dinner at 6:30 p.m. on Friday, Oct. 27, at Midlane Country Club in Wadsworth. The cost of the dinner is \$35 per person, and can be purchased by calling Lorraine Hale-Bryant, interim CEO of the Urban League at (312) 249-3770. The speaker for the event will be Lt. General James R. Hall, commanding general, 4th U.S. Army, located at Ft. Sheridan.

Alarms officials

LINDENHURST—One of Lindenhurst's banks is "alarming" village officials because its security alarm has been sounding off excessively. Members of the village board of trustees expressed their concern that answering the call each time unnecessarily puts police officers and civilians in their path in danger.

Sears celebration

RIVERWOODS—Sears' Dean Witter and Coldwell Banker business groups celebrated the one-year anniversary of their new quarters at 2500 Lake Cook Rd. with a ceremony earlier this week. Gov. James Thompson cut the traditional ribbon at the national headquarters of four consumer lending companies employing 1,700 persons. Headquartered here are Discover Card Services, Sears Consumer Finance and Sears Payment Systems, and Sears Mortgage Corp. plus a branch office of Dean Witter Financial.

PUBLIC NOTICE
FOR BIDDERS

1. TIME AND PLACE OF BID OPENING: Sealed proposals for the snowplowing of the areas described herein will be received at the Village Hall, 164 Hawley Street, Grayslake, Illinois 60030 until 2:00 p.m. October 23, 1989.

2. DESCRIPTION OF WORK:

Part A: The parking lots located east and west of the Police Station on Hawley Street, the lot north of the United Protestant Church, the lot immediately north of the United Protestant Church lot, west of the alley behind the Peppermint Stick Pre-School at 40 S. Whitney St., the driveways and parking areas immediately in front of the Police and Fire Station, the driveway immediately in front of the Village Hall, and the parking areas immediately in front of and in back of the Village Hall.

Part A work will be completed within eight (8) hours of the time of an accumulation of two inches (2") of snow or by eight (8:00) a.m. of the day following a snowfall with said accumulations, whichever comes first.

Part B: The Grayslake METRA Commuter Parking Lot.

Part B work will be completed between the hours of 3:00 a.m. and 5:00 a.m. upon accumulation of two inches (2") of snow and/or notification by the Grayslake Police Department.

3. INSTRUCTIONS TO BIDDERS: Bidders may bid both Parts A and B or only Part A or only Part B.

4. REJECTION OF BIDS: The Grayslake Village Board reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) calendar days after the date bids are to be received and to reject any or all bids and to waive technicalities.

5. INSURANCE: Insurance in the types and amounts described in the special conditions document shall be provided by the successful bidder. The document can be received by contacting the Grayslake Village Hall.

6. PREVAILING WAGE: All contractors are required to pay the Lake County area prevailing wage as determined by the Illinois Department of Labor.
